Dear Mr. Owen:

Re: Diversion Designs, Submittal of August 7, 1992, Co-Op Mining Company, Bear Canyon Mine, ACT/015/025-92G, Folder #2, Emery County, Utah

The above-noted submittal is confusing relative to statements in the letter addressing the ditches associated with the shower house proposal. The letter from Mr. Kimly C. Mangum states that "Calculations for ditches D-9D, D-8U extension and D-14U are still included in the tables.....these ditches will be deleted from final copies if you request."

The ditches associated with the shower house proposal, as noted above, are **not** included in the shower house proposal and should be. Please resubmit by September 4, 1992 the diversion designs for diversions that have been approved as of this date (i.e. relative to this amendment, 92G) and submit the diversion designs for the shower house proposal under separate cover to be included as part of that amendment (92H).

If you have any questions, please call me.

Sincerely,

A handwritten signature in cursive script, reading 'Pamela Grubaugh-Littig'.
